DETAILED ACTION

Response to Amendment

Applicant's request for reconsideration of the finality of the rejection of the last Office action of October 8, 2003 is persuasive and, therefore, the finality of that action is withdrawn.

116 amendment to claims faxed on February 2004 is noted and entered.

Allowable Subject Matter

Claims 1 and 3-8 are allowed.

Examiner's Statement Of Reasons For Allowance

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1 and 3-8 is the inclusion therein, in combination as currently claimed, of the limitation of a method of attaching a semiconductor die to a lead frame. The limitation found in claims 1 and 3-8 comprises inter alia the following limitations: Applying snap curable adhesive to a portion of a lead frame; and pressing an active surface of a pre heated semiconductor die heated to the curing temperature of the adhesive against the snap curable adhesive on the lead frame thereby deforming the layer of the adhesive on the lead frame. The limitation found in claims 1 and 3-8 is neither taught nor disclosed by prior art of record alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
